What **WE DO**

At Imperial Trade Centre, we are experts in manufacturing and trading high-quality industrial and paint brushes. Our flagship brand, IMPERIAL, offers a wide range of brushes designed to meet the needs of various industries.

We specialize in providing custom-made solutions tailored to the unique requirements of each client. Whether you need brushes for heavy-duty machinery, delicate finishes, or specialized industrial processes, our team works closely with you to deliver the perfect product, with personalized specifications for size, bristle composition, and design.

With experience and a commitment to quality, we are dedicated to helping businesses achieve superior performance and results through our expertly crafted brushes. Whether off-the-shelf or custom-made, our products are built to meet the highest standards and ensure efficiency in every application.

We combine expertise with innovation to provide the right solutions for your brush needs

OUR BRIEF INTRODUCTION

Imperial Trade Centre, a name synonymous with quality, innovation, and reliability in the industrial supply sector for over 3 decades

Established in 1994 by the visionary founders, S. Kaukawala and F. Kaukawala, our company is built on a rich legacy of over 50 years in business. Originally founded as a leather bucket manufacturing company under the brand name Imperial, we have evolved and expanded our product offerings to meet the changing demands of diverse industries.

As trends shifted, the founders transitioned into the bearing business in 1994, marking the beginning of our journey in industrial supply. Over time, we diversified into manufacturing industrial V-belts under the brand Techno, providing high-quality solutions to a variety of sectors. Our expertise in meeting the needs of industries like manufacturing, oil & gas, petrochemical refineries, sponge iron, steel plants, power plants, and construction has established us as a trusted partner for all general order supply requirements.

In recent years, we've refocused our efforts on one of our core strengths—industrial and paint brushes. Under our renowned brand Imperial, we now specialize in the design and manufacturing of a wide range of brushes tailored to industry needs. From custom-made brushes for precision applications to high-performance solutions for industrial and paint industries, we are committed to delivering products that exceed expectations.

At Imperial Trade Centre, we pride ourselves on our ability to provide customized brush solutions—whether for specialized tasks or large-scale industrial applications. Our brushes are crafted with the highest standards of quality, durability, and functionality, ensuring optimal performance for every project.

Driven by our family values, a deep understanding of industry needs, and a commitment to continuous innovation, Imperial Trade Centre remains a leader in industrial supply.

We look forward to continuing our legacy of excellence and serving the evolving demands of our global clientele.
